Constant Hoogstad, I briefly read your Profile and was impressed that you have been a dedicated conservationist in the area of Botany and Zoology combined. My father Dr Gopinath Panigrahi was a Botanist dedicated to conservation having published 340 odd scientific papers in his life. He got me to study Science and channeled me into Zoology. Towards the end of an 18 year career at the Natural Resources Institute I was in my own way developing conservation of natural Flora and Fauna and medicinal plants in particular. But at the age of 68, I realised conservation needs the Specialist to converse with the politicians. Hope we can talk about these issues and so thank you for connecting.

Dear Sir/Madam

1. Please assign a Case Number to this Judicial Review of Wholescale Hate Crime Tyranny on me over a 27 year period in the United Kingdom, most clearly evident from the relentless pursuit of sabotaging to destroy my company, 'The Conservative Libertarian Publications Limited by His Majesty's Revenue and Custom along with hundreds if not thousands of co-conspirators mostly from Big Business in the country and overseas: HMRC was similarly and totally unjustifiably demanding £400 in penalty: The delays in filing were due to Kent Police confiscating all our IT devices under false pretences so that the Company had a period of dormancy through which it passed.

Both HMRC and Companies House engaged the services of Debitam to terrorise me.

2. The essential correspondence of recent days are attached:

- (a) FrDebetam(CONSPIRACY TO SABOTAGE MY COMPANY THE CONSERVATIVE LIBERTARIANS PUBLICATIONS LIMITED)12May2025
- (b) FrCompaniesHouse(RE Your Communication with Companies House, Ref COH1341019X2)12May2025.docx
- (c) Companies House Sabotage.pdf.
- (d) Debitam\_HMRC\_CompaniesHouseLegalAction.pdf
- (e) Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi v Kent Police18May2025.pdf

3. This latest attempt to close down my Company is utter contempt of Court by Companies House given that the matter is sub-judice as attached in (e) above.

Yours sincerely

Dr Shantanu Panigrahi

Good morning Sheriffdeen Soleye, I would like to welcome you into my LinkedIn connections with an invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard.

During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the i's and crossed the t's in the formulation of one such Society that I have named The Conservative Libertarian Society; the terms Conservative not just means to conserve and preserve the natural environment, biodiversity including human beings, it also represents the belief that we have of a Personal God by whichever name one wishes to use to call this Entity. The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so. Thank you Shantanu.

I am a Hindu who has developed his own religion: no other Hindu past or present has brought together the entire gamut of Hindu thought into words and deeds of action as karma in sanatana dharma. I practice yoga incessantly which brings me into random contact with people of other faiths. It helps me to establish if I am personally on the right track or not. I am an ordinary human being, not aspiring to become anything except develop my knowledge and understanding of the universe.

On your second question, I messaged you randomly. I discuss things with Muslims all the time, and have done throughout my life in India where I grew up in Uttar Pradesh (Allahabad, now Prayagraj).

MAKING IT UP AS ONE GOES ALONG

[Edited: 07.18 am (UK-Time), 26 May 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of *satya-advaita yoga*, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 407 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here ( <https://www.theallurementofrealityinreview.com/shop> ). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words *Samadhi* and *Maha-Samadhi*. I wish to make it clear at this point in time. For me *Samadhi* seemingly started on completion of my Book *Truth-accommodation (Satya-advaita)* and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total

Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatana dharma, that is to say karma in sanatana dharma.

Maha Samadhi is total Realisation when one does stop one's karma in sanatana dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga. It is the state of Living freely in total Realisation and Control so that one is instantly making decisions with spontaneity, nonchalance and unpremeditation without any thought of moving along a certain truth path. So there are no tactics, such is the state of Realisation as automaticity existence.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in Maha-Samadhi now.

Dear Sirs

I am sick and tired of proactive litigations and private prosecutions to obtain legal redress in financial terms and accordingly read this moment's status quo as linked:

Dear Sir/Madam

1. Please assign a Case Number to this Judicial Review of Wholesale Hate Crime Tyranny on me over a 27 year period in the United Kingdom, most clearly evident from the relentless pursuit of sabotaging to destroy my company, 'The Conservative Libertarian Publications Limited by His Majesty's Revenue and Custom along with hundreds if not thousands of co conspirators mostly from Big Business in the country and oversees:HMRC was similarly and totally unjustifiably demanding £400 in penalty: The delays in filing were due to Kent Police confiscating all our IT devices under false pretences so that the Company had a period of dormancy through which it passed.

Both HMRC and Companies House engaged the services of Debitam to terrorise me.

2. The essential correspondence of recent days are attached:

(a) FrDebetam(CONSPIRACY TO SABOTAGE MY COMPANY THE CONSERVATIVE LIBERTARIANS PUBLICATIONS LIMITED)12May2025

(b) FrCompaniesHouse(RE Your Communication with Companies House, Ref COH1341019X2)12May2025.docx

(c) Companies House Sabotage.pdf.

(d) Debitam\_HMRC\_CompaniesHouseLegalAction.pdf

(e) Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi v Kent Police18May2025.pdf

3. This latest attempt to close down my Company is utter contempt of Court by Companies House given that the matter is subjudice as attached in (e)above.

Yours sincerely

Your Honour

In respect of the emergence of fresh new proceedings: [https://archive.org/details/judicial-review-progression-digital\\_20250606\\_0716/](https://archive.org/details/judicial-review-progression-digital_20250606_0716/) <https://www.theallurementofrealityinreview.com/product-page/judicial-review-progression> it may be noteworthy that from 9 November 2001 I began a process of seeking a Judicial Review at the Administrative Court of the Royal Courts of Justice, of all Medway County Court Orders and decisions concerning proceedings under Claim Numbers SO806411, ME002953, and ME010463. I stated that I am a victim of a miscarriage of justice perpetrated by the British Criminal Justice System-associated individuals. The court titled the case, 'The Queen on the application of Panigrahi versus Medway County Court' and gave a Case No of CO/1680/2002. On 23 April 2002 Mr Justice Keith passed an order In the High Court of Justice, Queens Bench Division Administrative Court: The Claimant is under the impression that permission to proceed with his claim for judicial review has already been granted. That is incorrect. Permission has not been granted. In order for the court to decide whether permission should be granted the Claimant must (a) identify the decisions of Medway County Court which he wishes to challenge, (b) state the basis upon which he alleges that they are amenable to judicial review and (c) explain why permission to challenge them should be granted. I therefore direct the Claimant to lodge with the Administrative Court Office by 4.00 pm on Friday 3 May (a) copies of the orders of Medway County Court which he wishes to challenge, and (b) a statement setting out the basis upon which he alleges that they are amenable to judicial review and why permission to challenge them should be granted. If the claimant fails to comply with these directions, the claim will be struck out.' I wrote back on 30 April 2002: Dear Sir, Please send me a copy of the Defendant's response in order that I may reconsider the merits of my Application in the light of the Defendant's evidence.'

2. Please assess this morning's terrorism

Dear Sir/Madam

1. Please assign a Case Number to this Judicial Review of Wholesale Hate Crime Tyranny on me over a 27 year period in the United Kingdom, most clearly evident from the relentless pursuit of sabotaging to destroy my company, 'The Conservative Libertarian Publications Limited by His Majesty's Revenue and Custom along with hundreds if not thousands of co conspirators mostly from Big Business in the country and overseas: HMRC was similarly and totally unjustifiably demanding £400 in penalty: The delays in filing were due to Kent Police confiscating all our IT devices under false pretences so that the Company had a period of dormancy through which it passed.

Both HMRC and Companies House engaged the services of Debitam to terrorise me.

2. The essential correspondence of recent days are attached:

MAKING IT UP AS ONE GOES ALONG

[Edited: 07.18 am (UK-Time), 26 May 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of satya-advaita yoga, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 407 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here ( <https://www.theallurementofrealityinreview.com/shop> ). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words Samadhi and Maha-Samadhi. I wish to make it clear at this point in time. For me Samadhi seemingly started on completion of my Book Truth-accommodation (Satya-advaita) and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best bhakti that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as sanatana dharma, that is to say karma in sanatana dharma.

Maha Samadhi is total Realisation when one does stop one's karma in sanatana dharma and lives in Yoga-ananda, the yogadaan emanating from one's dedication to the comprehensive approach to yoga. It is the state of Living freely in total Realisation and Control so that one is instantly making decisions with spontaneity, nonchalance and unpremeditation without any thought of moving along a certain truth path. So there are no tactics, such is the state of Realisation as automaticity existence.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in Maha-Samadhi now.

WTF is this you shitbag crapping on my website of The Conservative Libertarian Publications Limited? Who put you up to this? Take notice that this matter will eventually enter a British Court and all 20,000 criminals like yourself who terrorised me would be held to account and dealt with. I cannot wait for this to happen.

Good afternoon, I would like to welcome you into my Conservative Libertarian Socialites Unit with this invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard.

During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the i's and crossed the t's in the formulation of one such Society that I have named The Conservative Libertarian Society; the term Conservative not just means to conserve and preserve the natural environment, biodiversity including human beings, it also denotes the belief that we have a Personal God in our psyche by whichever name one wishes to use to call this Entity (Allah, Krishna, Jesus, Jehovah, etc). The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so.

Thank you  
Shantanu

Good afternoon, I would like to welcome you into my Conservative Libertarian Socialites Unit with this invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard.

During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the i's and crossed the t's in the formulation of one such Society that I have named The Conservative Libertarian Society; the term Conservative not just means to conserve and preserve the natural environment, biodiversity including human beings, it also denotes the belief that we have a Personal God in our psyche by whichever name one wishes to use to call this Entity (Allah, Krishna, Jesus, Jehovah, etc). The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so.

Thank you

I am sick and tired of proactive litigations and private prosecutions to obtain legal redress in financial terms and accordingly read this moment's status quo as linked:

Dear Sir/Madam

1. Please assign a Case Number to this Judicial Review of Wholesale Hate Crime Tyranny on me over a 27 year period in the United Kingdom, most clearly evident from the relentless pursuit of sabotaging to destroy my company, 'The Conservative Libertarian Publications Limited by His Majesty's Revenue and Custom along with hundreds if not thousands of co conspirators mostly from Big Business in the country and oversees:HMRC was similarly and totally unjustifiably demanding £400 in penalty: The delays in filing were due to Kent Police confiscating all our IT devices under false pretences so that the Company had a period of dormancy through which it passed.

Both HMRC and Companies House engaged the services of Debitam to terrorise me.

Your Honour

In respect of the emergence of fresh new proceedings: [https://archive.org/details/judicial-review-progression-digital\\_20250606\\_0716](https://archive.org/details/judicial-review-progression-digital_20250606_0716) [https://archive.org/details/there-is-no-money-in-truth-digital\\_20250606](https://archive.org/details/there-is-no-money-in-truth-digital_20250606) it may be noteworthy that from 9 November 2001 I began a process of seeking a Judicial Review at the Administrative Court of the Royal Courts of Justice, of all Medway County Court Orders and decisions concerning proceedings under Claim Numbers SO806411, ME002953, and ME010463. I stated that I am a victim of a miscarriage of justice perpetrated by the British Criminal Justice System-associated individuals. The court titled the case, 'The Queen on the application of Panigrahi versus Medway County Court' and gave a Case No of CO/1680/2002. On 23 April 2002 Mr Justice Keith passed an order In the High Court of Justice, Queens Bench Division Administrative Court: The Claimant is under the impression that permission to proceed with his claim for judicial review has already been granted. That is incorrect. Permission has not been granted. In order for the court to decide whether permission should be granted the Claimant must (a) identify the decisions of Medway County Court which he wishes to challenge, (b) state the basis upon which he alleges that they are amenable to

judicial review and (c) explain why permission to challenge them should be granted. I therefore direct the Claimant to lodge with the Administrative Court Office by 4.00 pm on Friday 3 May (a) copies of the orders of Medway County Court which he wishes to challenge, and (b) a statement setting out the basis upon which he alleges that they are amenable to judicial review and why permission to challenge them should be granted. If the claimant fails to comply with these directions, the claim will be struck out.' I wrote back on 30 April 2002: Dear Sir, Please send me a copy of the Defendant's response in order that I may reconsider the merits of my Application in the light of the Defendant's evidence.'

2. Please assess this morning's terrorism

**TCLP-UK PARTY STRUCTURE AND VISION**

**[Working Draft: 06.04 am (UK-Time) 07 June 2025]**

Welcome Pack

The Conservative Libertarians (UK) and Conservative Libertarians (Global) are permitted by the laws of the United Kingdom and its Parliament to proceed with the work of both its Membership Accounts as already validated to operate with a business as usual modus operandi. This has been adequately tested through submissions to the State authorities over a 27 year period and longer if the Founders work for the Government of the United Kingdom in scientific laboratories and in field work in less developed countries are taken into account.

The reason that I periodically send out randomly 200 odd invitations to make connections with is because I feel after 27 years of struggling for justice in the United Kingdom and for political representation through the four major parties that much improvement is needed in the government of the nation. I have accordingly taken my experiences one step further and created a Movement named as Conservative Libertarians that has the objective of making the country prosper under a Conservative Libertarian Society. I think we need not harp on about the past but look forward to a good future through this radical approach to the organisation of society. If you wish to find out more, please let me know. Our Membership websites are at:

<https://app.joinit.com/o/conservative-libertarians/>

<https://knowledgefoundersunited.com/>

whereas our Structure and issues encountered are at

<https://theconservativelibertariansociety.com>

I feel after 27 years of struggling unsuccessfully for justice in the United Kingdom and equally for democratic representation through the four major parties that there is much improvement necessary for the government of the nation. I have accordingly taken my experiences one step further and created a mission named as the Movement of Conservative Libertarians (MCL) that has the objective of making the country prosper under a Conservative Libertarian Society the ethos of which is summarised as truth, justice and democracy. Our Movement specifies that we should not harp on about the past history but look forward to a good future through this radical approach to the organisation of society.

There are so many things wrong with the deeply polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

(a) Our political party in the United Kingdom, named 'Conservative Libertarians (UK)' is located online at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security.

In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b) For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/> .

I would like to welcome you into my LinkedIn connections with an invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard. During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the 'i's and crossed the 't's in the formulation of one such Society that I have named The Conservative Libertarian Society; the terms Conservative not just means to conserve and preserve the natural environment, biodiversity including human beings, it also represents the belief that we have of a Personal God by whichever name one wishes to use to call this Entity. The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so.

So please hear me out for a request that I have to make to you. Democracy is very important to my way of thinking. In this regard I would like to see a modified version of the Monarchy in the United Kingdom, that engenders greater degrees of truth, justice and democracy, and since none of the established parties support this change to the Constitution I would like to stand in elections to the Councils and to Westminster to make my voice heard to those decision makers who matter to us. To make this happen, I need a person who I can name in my Form to the Electoral Commission as seconding my TCLP-UK application to formalise the Party under which

I would be contesting the elections. So I would just like to ask you if you would lend me your support in this manner.

#### Party Vision:

We wish to have our policies based on the morality of adhering to truth, justice and democracy in all its manifestations as far as the State of the United Kingdom will permit us to go. We understand that this would be an evolving matter where we need to tread very carefully so as not to upset the existing apple cart of the State-machinery, but the ethos is radical movement towards a Society of Conservative Libertarians implementing technical issues of what I have called 'Green Socialism' that means that we want the entrepreneurialism spirit to guide the nation forwards. We believe that God guides us into truth, justice and democratic actions if we have faith in the existence of God. When I say that we direct our actions only as far as it will go naturally, we believe that we should have a written Constitution that incorporates a cultural monarchy rather than the Absolute Monarchy now in place. This will liberate the population into greater things from the freedom that the mind then attains.

#### Current Party Structure:

So far I have been busy getting the principles legally established so as to get the approval of the State authorities to proceed. So I have been a one-man Band. But I would like in the first instance obtain the agreement of 15 Members within the United Kingdom, from which I will select a General Secretary, Campaigns Official, Treasurer, Legal Officer, Policy Administrator who will be responsible for all future development of Policies. I will then step down as Leader, and let the TCLP-UK go its own way.

#### 5-10 year aims:

We simply must stand candidates at the 2029 General Election and as candidates at every Council election for which the Registration of the TCLP-UK at the Electoral Commission must be completed within 8 weeks from now as set out in the attached:

### Religion of the Founder

I am a Hindu who has developed his own religion: no other Hindu past or present has brought together the entire gamut of Hindu thought into words and deeds of action as karma in sanatan dharma. I practice yoga incessantly which brings me into random contact with people of other faiths. It helps me to establish if I am personally on the right track or not. I am an ordinary human being, not aspiring to become anything except develop my knowledge and understanding of the universe.

Conservative Libertarians are what it says on the tin: we conserve as libertarians because we are truthful in all honesty in the sight of God Sri Krishna-Durga who as Creator of the Universe and a Personal God residing within our atman and external to our body gives us the motivation to chart our truth-path in karma in sanatan dharma. This is to say we dedicate all our work to the Lotus feet of our God having learnt all there is to learn in what Hindus call Bhagawan-Prapti; this is to say that we have captured God within us such that all our work that continues incessantly are perfect and do not need any thoughts to drive us forwards as motivations. We thus act instantly, spontaneously, nonchalantly, and unpremeditatedly as Vishista-advaitists, who have embraced the concept of the preordination and pre-orchestration of the universe in a Grand Design; the term denoting thereby that we have captured God within our hearts. It gives us in our resting-state great happiness/satisfaction for which there is a Hindu term of 'ananda': that is the treasure awaiting the Conservative Libertarians who have gone through the initiation process. We do not pray: we worship God and we catch up with all our correspondence in humanity as vishista-advaitists with no mental attachments.

Conservative Libertarians say that truth liberates and if you earn a living you conserve yourself and your environment both under the framework of personal and universal security.

### Resisting blunt slavery

The United Kingdom is not the only country where ordinary people live to blunt slavery. We live under a dictatorship-proven taking what is on offer as our deserved rights. The Conservative Libertarians (UK) campaign for a society that is based on truth, justice and democracy.

I named our Mission as the Movement of Conservative Libertarians (MOCL) that has the objective bringing in the ethos of truth, justice and democracy into the world within nations and across nations. Our Movement specifies that we should not harp on about the past history but look forward to a good future through this radical approach to the organisation of society.

### Rationale of the Conservative Libertarian Society

Conservation should not pose any issues for someone working in nature, biodiversity, and the economics of harvesting forestry or natural resources from the environment. We all know that these human activities have to be what we call sustainable, that is to balance our demands with the supply of the products from nature, So that is at the heart of how we manage our surroundings. Conservative Libertarians however subscribe to the management of the environment through appreciation of the Reality of the Universe that it is God created and the Universe is what we call Brahman with the idea being that we should be at one with Brahman. This is what Hindus have for a millennia termed advaita (oneness with Reality). This is the perfect sustainable system that would address all aspects of Brahman in its Brahma-Nature components and will ensure that Climate Change concerns would no longer be tackled with a superficial approach like limiting fossil fuel burning and using more expensive and unsustainable and nature-damaging alternatives that do greater damage to Nature. Advaita is a frame of mind that automatically makes decisions that would be sustainable, and especially so when one appreciates Vishista advaita in which one conducts karma in sanatana dharma as not so much a service to God, but to Brahman the universe.

One needs to discover the fullest reality of how and why this approach to development is sustainable. Unless we take all the humanity globally within our vision as also all the biodiversity, the water and oceans within the Gaia considerations we would not succeed in harmonising with Nature. So the first thing is to find out what are the impediments to human acceptability of what I am preaching. It has to be the varying human religions that make one batch of humanity go one way and other batches of humanity go the opposite way. To break down these barriers is the central task of the MOCL's approach towards the development of The Conservative Libertarian Society, both within nations and across nations. One has to take part in the democratic process.

The technical details of what the institution of Conservative Libertarians stand for are as follows: There are so many things wrong with the deeply and multi-polarised world in terms of the values that governments enunciate with their policies, and over the past 55 years I have made a study of this with particular reference to the United Kingdom where I lived, extending it to other countries with diverse ecological and religious attributes. There has been no one putting forward a commonsense unified view of how humanity could be brought together with a shared outlook. No one has been knowledgeable enough to do that. Knowledge acquisition is a

yogic endeavour that takes the whole of one's life to get to the Reality of our existence on this planet.

Today I am seeking to find like-minded people not just in the United Kingdom but also globally who share my vision and would like to get together in an attempt to bring truth, justice and democracy into the Constitutions of their countries.

**TCLP-UK PARTY STRUCTURE AND VISION**  
**[Working Draft: 06.20 am (UK-Time) 07 June 2025]**

***Welcome Pack***

The Conservative Libertarians (UK) and Conservative Libertarians (Global) are permitted by the laws of the United Kingdom and its Parliament to proceed with the work of both its Membership Accounts as already validated to operate with a business as usual *modus operandi*. This has been adequately tested through submissions to the State authorities over a 27 year period and longer if the Founders work for the Government of the United Kingdom in scientific laboratories and in field work in less developed countries are taken into account.

The reason that I periodically send out randomly 200 odd invitations to make connections with is because I feel after 27 years of struggling for justice in the United Kingdom and for political representation through the four major parties that much improvement is needed in the government of the nation. I have accordingly taken my experiences one step further and created a Movement named as Conservative Libertarians that has the objective of making the country prosper under a Conservative Libertarian Society. I think we need not harp on about the past but look forward to a good future through this radical approach to the organisation of society. If you wish to find out more, please let me know. I created a mission named as the Movement of Conservative Libertarians (MCL) that has the objective of making the country prosper under a Conservative Libertarian Society the ethos of which is summarised as truth, justice and democracy. (a) Our political party in the United Kingdom, named 'The Conservative Libertarian Party of the United Kingdom (TCLP-UK) at: <https://app.joinit.com/o/conservative-libertarians/> and this website is available for citizens and residents of the United Kingdom. We carry out this mission entirely lawfully within the Constitution of the United Kingdom that we have already tested for all our activities before embarking on this mission of proactive actions knowing that we will not violate the law which is of fundamental importance for peaceful living. It will be up to Conservative Libertarians around the world to determine the laws of their own countries in terms of their existing Constitutions so that they can also undertake their own missions of prosperity, peace and security. In the United Kingdom at present we need 15 members to act as officials for our Party to enable us to complete our registration with the Electoral Commission of the United Kingdom as Conservative Libertarians (UK). If you are able and willing to assist us, please contact me.

(b) For those people of other countries who share the philosophy of Conservative Libertarians you may like to list yourselves in the Directory for Conservative Libertarians (Global) that is established online at <https://knowledgefoundersunited.com/>.
